# FREDERICKTOWN.

Nothing new has been discovered in the developments of the cause of the fire at school house No. 1, in Berlin township last week. There was a theory that the building had been struck by lightning in the afternoon and that the fire did not break out until 2 o'clock the next morning, but this seems hardly likely. The loss was complete as the insurance had run out but a few days before. It is said that this school was one of the best furnished to be found anywhere around; that they had a fine, large library and many expensive pictures. The building was situated near the Richard Glauser place and was discovered by one of the members of the family who happened to be up to take some medicine.

Mr. M. K. Blackburn is still considering the matter of giving Fred-

ericktown a new opera house. This place certainly needs accommodations for the public in the matter of a meeting place for entertainment institutes and conventions of various kinds. The finances of the village are not in good enough condition to make a lay out for a hall or opera house and probably will not be for a number of years. Some of our secret orders have been considering the matter of building an opera house as an investment and most of these interested have little doubt that it would make a big paying investment, but, as none of them have seen their way to finance such an enterprise, and it seems that M. K. may yet be the one to lead us out of the wilderness to something better. Whoever does engage in the enterprise we hope that they will build large and substantial enough to meet the future needs of the town for a good many years to come.

The mad dog scare of last week near the Pope school house and Liberty chapel has not entirely subsided, and the people in that neighborhood

are yet fearful of further outbreaks. Last week the attendance at Mr. Barnhart's school fell off from twenty-six to eight and that at Mr. Arthur Hamby's from thirty-four to twenty-six. The mad dog ran through the play ground of the latter as the children were playing, but did not bite any one. Going over into a near-by field it attacked and bit a cow and calf, both of which died; several other dogs were bit and all were affected with the rabies. The first indication of trouble was at the home of Mr. Sam White, when they tried to drive off a tramp bull dog that had been hanging around there. Their own dogs were badly bitten up and went mad and had to be killed. How much other damage was done will not be known until later developments are reported.

Next Sunday Fredericktown is to have a treat in a visit from Rev. Albert Sidney Gregg, of Cleveland, who will address our people three times on that day. Every man in town ought to be out to this meeting and learn something important. The meeting will be called at 2:30. Mr. Gregg will speak at the Methodist church in the evening on "Good Citizenship."

Last Sunday evening all Fredericktown was out to do honor to Rev. Otis Harter at his last appearance in the Presbyterian church as its pastor before he leaves for his new field of labor at Delphos, Ohio. The Baptist church held no preaching services on that day and the Methodist services were held an hour earlier than that its people might join with the Presbyterians at this time in its expressions of regret in losing a minister so much loved and respected.

On going into the pulpit Rev. Harter announced that he would not preach a sermon, but in a modest, humble manner reviewing the work of his church here the past nine years. With words heartfelt and sincere he expresses his regret at leaving so many good and tried friends behind and thanked the church people and the citizens of the town for the great help they had given him in the past years. Rev. Thos. Hamby representing the ministry of the other two churches told of the regard in which Rev. Harter was held by the pastors in the other churches, a commendation most flattering for any man. He said it was from the common talk of the street that he had learned of the great improvement brought to this Presbyterian church in the matter of finances, of membership, and spiritual uplift; that the genial disposition, sound judgment and earnest Christian life had placed Rev. Harter in a class above the ordinary minister as usually found in a place of this size. And he expressed the sentiment of the entire community when he said that it was with great regret that we give up Rev. Harter and his estimable family, and the Delphos church is to be congratulated on their wise choice in securing such an able leader and pastor. The church was filled to its limit and all gave the departing pastor a farewell shake of the hand with best wishes for his future success.

# REVOLT

Of Koreans Against Japs Becomes Alarming

Scores Of Japanese Said To Have Been Killed

Kobe, Japan, Feb. 1.—Urgent orders were received today from Tokio to hasten the mobilization of troops to be used in the suppression of the latest Korean uprising in South Phangan. The situation there is far more serious than yesterday's dispatches indicated, and instead of 20 Japanese having been killed in the uprising, it is now believed that scores have been slain and an immense amount of property destroyed.

All the government officials in the district have been murdered, according to today's dispatches and the government buildings burned.

Thousands of armed Koreans have joined the uprising and are killing and looting whatever resistance is met. The affected district is intensely anti-Japanese and the leaders of the revolt are inspired with the idea that the only way to prevent the threatened annexation of the hermit kingdom by Japan and the destruction of the last vestige of Korean autonomy is to begin a war against the Japanese and all government officials who accept Japanese dictation.

Troops are being rushed to the scene from various points and a serious conflict is imminent. The Koreans are fanatics and will probably be exterminated rather than yield to the Japanese.

While it is often impossible to prevent an accident, it is never beyond any one's purse. Invest 25 cents in a bottle of Chamberlain's Liniment and you are prepared for sprains, bruises and like injuries. Sold by all dealers.
